

MANDATE

The Housing Committee of Canadian Pensioners Concerned, in agreement with the Mission Statement of Canadian Pensioners Concerned (Ontario Division,) seeks to ensure the well-being of all Canadians by promoting housing policies, legislation and services that respond to their needs.

- 1. To work with CPC National to urge the federal, provincial and municipal governments to establish a national housing strategy and to work together in order to build social and affordable housing.**
- 2. To address a broad range of concerns related to housing, including affordability, availability, accessibility, special needs care and safety.**
- 3. To build a knowledge base from primary and secondary sources, quantitative and qualitative, on the housing needs of older adults.**
- 4. To collaborate with other organizations concerned about housing including all levels of government.**
- 5. To prepare and publish written material, and offer educational workshops about the diverse housing needs of older adults.**
- 6. To promote the development and extension of supportive housing programs and community support services that enable older adults to age in place.**
- 7. To encourage and support organizations that are developing affordable housing projects for all low income groups.**
